Departure from Puebla

The exit will be from the Tiptours module in the interior of the Municipal Tourism offices located in the Hidalgo portal no.14 center to the side of the Municipal Palace of Puebla.

The comienza walk through the Municipal Palace, right in front of the Plaza Mayor, admires its baroque architecture in the heart of the historic centre. We will visit the Cathedral of Nuestra Señora de la Inmaculada Concepción, built in 1649, just a few years before the Metropolitan. After you get to know the Chapel of the Virgen del Rosario, which is located on one side of the Santo Domingo temple, once called "La Casa de Oro". You will visit its streets full of flavors and colors and history such as the street of sweets, famous for the artisanal variety and rich in these delights, we will continue with the artisan market el Parián, formerly the square of San Roque, the perfect place to buy handicrafts of different styles and materials. As you go around the historic center you will solve the CRUCIGRAM that we will give you with the information that you will learn from our guide.

You will visit the city's zócalo, La Catedral (with the tallest towers of the cathedrals of the continent and recognized for its sculptural, pictorial, musical and documentary collection that it guards), La Capilla del Rosario (named the octava maravilla del mundo, cubierta casi in its gold totality), the municipal palace, the sweets street (where you can discover the great variety of delights that the nuns of the convents of Puebla created), the Barrio del Artista and the artisanal market El Parián.

At the end of the tour, back to the Puebla zocalo.
